

# Dealer PowerCommand Cloud Registration

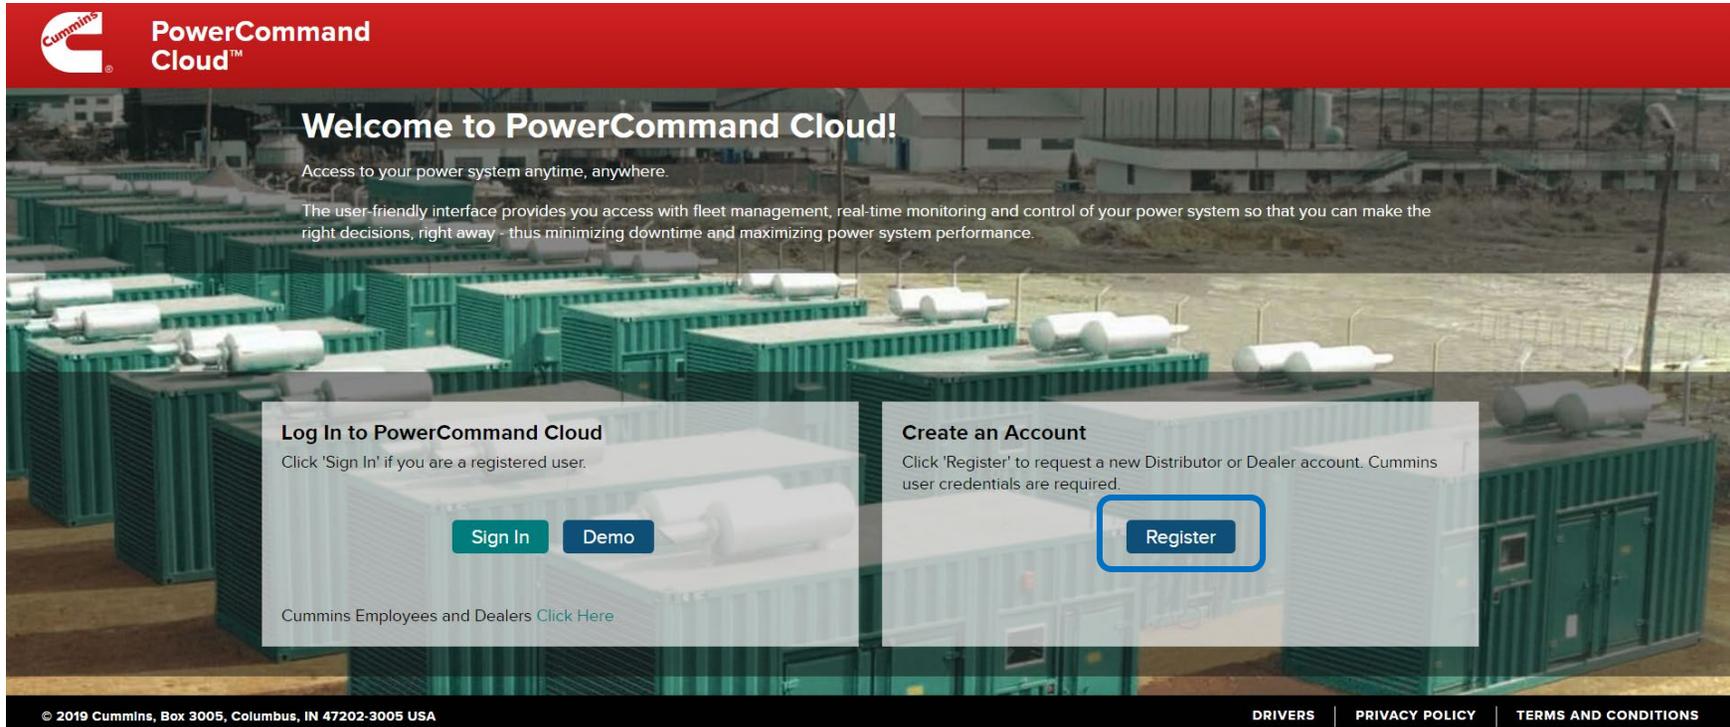

This document provides details on the workflow for creating a new dealer account in PowerCommand Cloud. If at any time you require support, please submit a support request via email to [servicetoolsupport@cummins.com](mailto:servicetoolsupport@cummins.com).

The general workflow for dealers to register for a PowerCommand Cloud account is outlined below:

## Step 1. Individual Submits a Dealer Registration Request.

Navigate to the PowerCommand Cloud web portal at <https://portal.powercommandcloud.com/> and select 'Register' to begin the process.

The screenshot shows the PowerCommand Cloud web portal. At the top left is the Cummins logo and the text "PowerCommand Cloud™". The main heading is "Welcome to PowerCommand Cloud!" followed by the tagline "Access to your power system anytime, anywhere." Below this is a paragraph: "The user-friendly interface provides you access with fleet management, real-time monitoring and control of your power system so that you can make the right decisions, right away - thus minimizing downtime and maximizing power system performance." There are two main call-to-action boxes. The left one is titled "Log In to PowerCommand Cloud" and says "Click 'Sign In' if you are a registered user." It contains two buttons: "Sign In" and "Demo". Below this box is a link: "Cummins Employees and Dealers [Click Here](#)". The right box is titled "Create an Account" and says "Click 'Register' to request a new Distributor or Dealer account. Cummins user credentials are required." It contains a "Register" button, which is highlighted with a blue border. At the bottom left is the copyright notice: "© 2019 Cummins, Box 3005, Columbus, IN 47202-3005 USA". At the bottom right are three links: "DRIVERS", "PRIVACY POLICY", and "TERMS AND CONDITIONS".

The following form will be presented, please complete the form.

### Registration

step 1 of 2

#### Account Information

Account Type \*  Distributor  Dealer

Dealer Name \*

Distributor Code® \*

Dealer Number \*

#### Contact Information

First Name \*

Middle Initial

Last Name \*

Cummins ID (or WWID)® \*

Contact Email \*

Contact Phone \*

#### Physical Address

Address \*

Address Line 2

City \*

Country \*

State / Province \*

Zip / Postal Code \*

After selecting the 'Save' button, the following message will be displayed.

**PowerCommand Cloud™**

Thank you, someone will review your registration and get back to you shortly.

## Step 2. Distributor Reviews and approves registration request.

The request will be forwarded to your distributor for review and approval. You will receive an email confirming that your request was successfully submitted to your distributor for approval.

 Note: You will not be able to proceed with your account registration until the distributor has approved your request.

John Q Public,

We have received your request for a new Dealer Account on PowerCommand Cloud. It is currently under review and will be processed soon. You will be notified when processing is complete.

Administration Team  
PowerCommand Cloud

*This notification was sent via PowerCommand Cloud diagnostics*

After the distributor approves your request, you will receive an email confirmation confirming that your account request is approved.

John Q Public,

Your request for a Dealer Account has been approved. You will receive an invite for a New Account and User registration.

### Step 3. Individual Registers as the dealer account 'Account Owner'.

A second email will be sent with instructions on how to complete the registration process.

**Account:** Demo Dealer

Dear John Q Public,  
You have been invited to join PowerCommand Cloud™ with the Account Owner role for the Demo Dealer Account. Sign in to remotely manage your power system assets in a secure online environment.

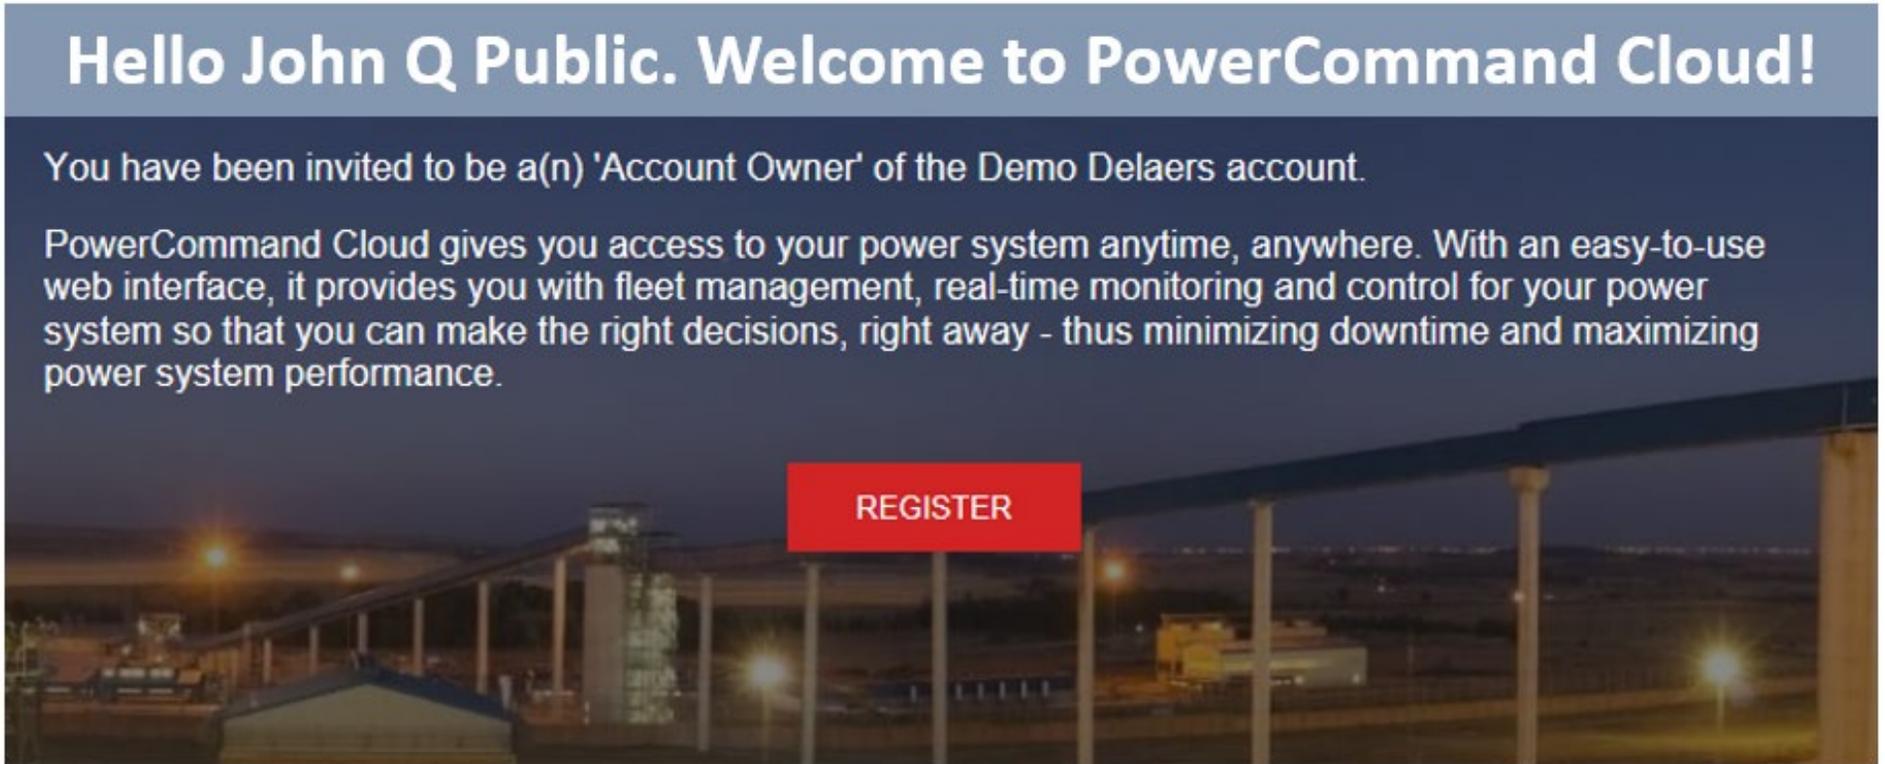

[Click this link](#) to accept this invite and create your account on PowerCommand Cloud.

If you require further assistance, please contact your nearest Cummins Dealer/Distributor.  
Thank you for being a Cummins customer.

*This notification was sent via PowerCommand Cloud diagnostics*

Click on the link in the email to accept the invitation to complete the registration for your PowerCommand Cloud account.

The link will take you to PowerCommand Cloud portal. Click to Register to begin the user registration process.

# Hello John Q Public. Welcome to PowerCommand Cloud!

You have been invited to be a(n) 'Account Owner' of the Demo Delaers account.

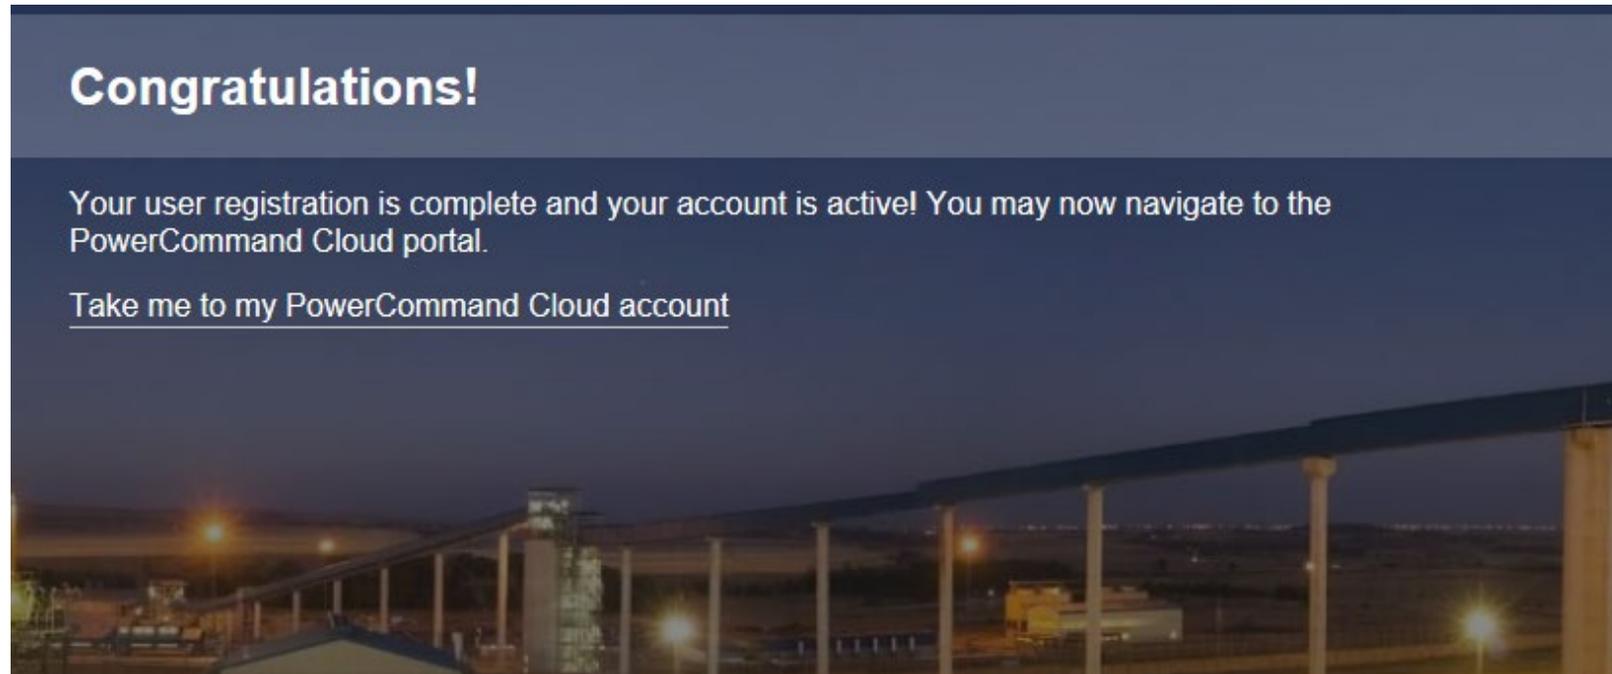

PowerCommand Cloud gives you access to your power system anytime, anywhere. With an easy-to-use web interface, it provides you with fleet management, real-time monitoring and control for your power system so that you can make the right decisions, right away - thus minimizing downtime and maximizing power system performance.

[REGISTER](#)

Once you select the 'REGISTER' button, you will be asked to review and approve the Terms of Service before proceeding. After you agree to the Terms of Service, you will be prompted for your Username and Password. Enter your Cummins username and password. These should be the same credentials used for ChannelOne. Note that usernames ending in @cmiuser.com will not work and are not valid for PowerCommand Cloud.

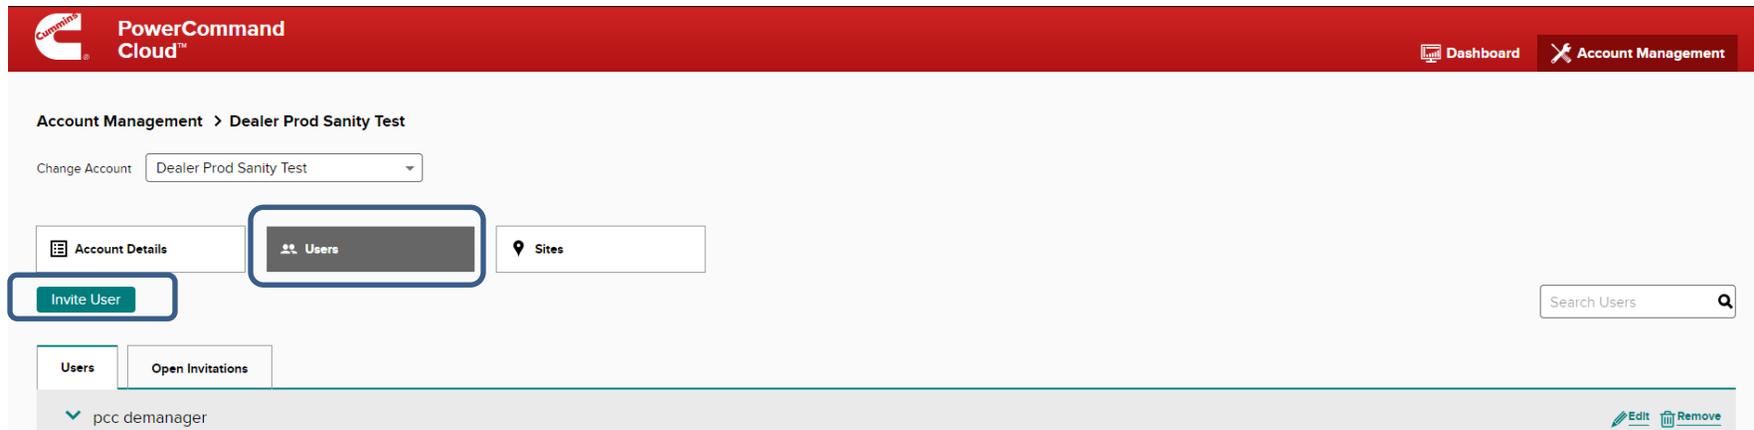

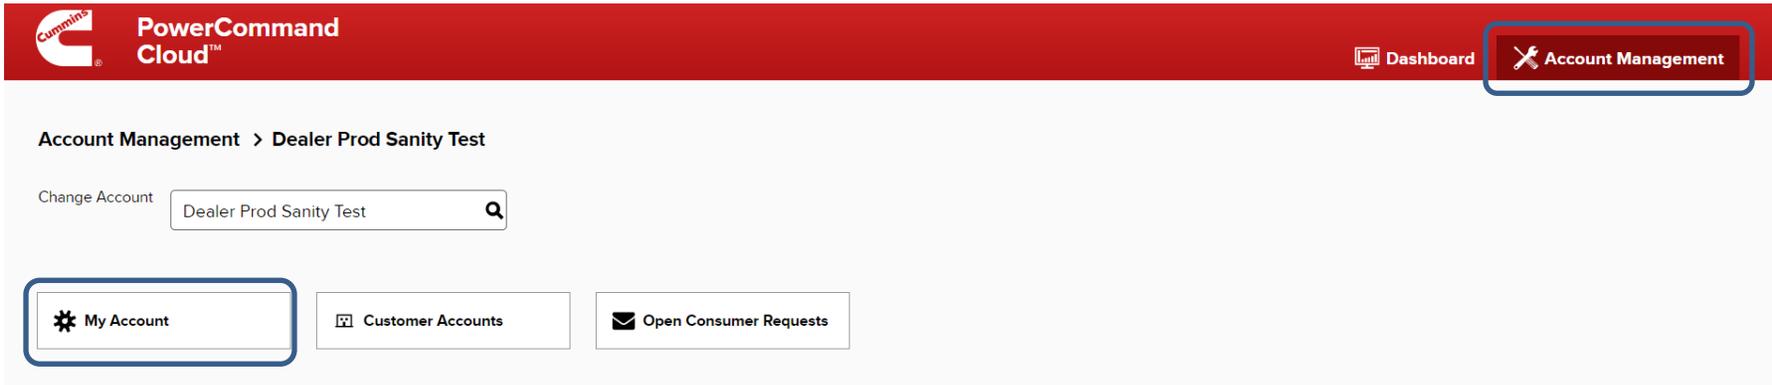

## Step 4. Registration is now Completed

The user will receive a confirmation and can click on 'Take me to my PowerCommand Cloud account' to begin using the platform.

## Step 5. The Account Owner can now invite additional users to the Dealer Account.

If you would like to invite additional users to your dealer account, navigate to Account Management and select your dealer account from the 'Change Account' drop-down menu. Navigate to My Account – Users and select the 'Invite User' button.

Enter the new user's information and select their role from the drop-down menu, then select the 'Send' button to send an email invitation for the new user to join this PowerCommand Cloud account.
